

# Wales High School

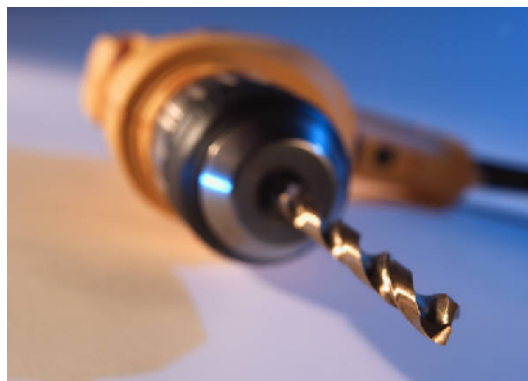

## Year 9 Subject Options

### 2010

## WORK RELATED LEARNING

### CONSTRUCTION

The Work Related Learning course in CONSTRUCTION is aimed at students who are looking to prepare for the construction industry during KS4 in readiness for leaving school. They will be offered a wide range of practical skills with additional careers education.

The course operates from our centre at Wales Wood.

# Work Related Learning

## Qualification:

City & Guilds Level 1

## Number of Option Choices required:

Two days per week course.

## Subject Content - What will you be doing?

Pupils will be engaged in various construction activities. These will include Bricklaying, Joinery, Painting, Plastering, Plumbing and Electrical work. A series of practical tests have to be passed to gain a City & Guilds qualification. Pupils will do work to support their job applications using the Asdan Foundation for Work qualification.

## Key points about the subject

- ✚ There is a large practical element to this course
- ✚ Work is completed off site
