## WORK RELATED LEARNING

## MOTOR VEHICLE MAINTENANCE

The Work Related Learning course in MOTOR VEHICLE MAINTENANCE is aimed at students in KS4 who are looking to prepare either for work in the motor industry after leaving school, or for taking further courses at Level 3.

# Work Related Learning

## Qualification:

The Institute of the Motor Industry (IMI) Level 2 Technical Certificate

## Number of Option Choices required:

One day per week course.

## Subject Content - What will you be doing?

Pupils will carry out a variety of activities. These will include changing break pads and bleeding them, tuning an engine etc. A series of practical assessments have to be passed and there are tests as well. The course can lead to direct employment in the motor industry or further study at Level 3.

## Key points about the subject

- ✚ There is a large practical element to the course (50%)
- ✚ The work is completed at Wales Vocational Academy
- ✚ Only available to Year 10 and Year 11 students
- ✚ The Technical Certificate is a nationally recognised qualification
- ✚ GTA, the company that delivers the course for us, has a 100% pass rate for regular attenders
