Dear Parent/Carer

### **Y9 Intervention Letter**

Following on from our recent AP and Parents Evening before half-term, it has been identified that your son/daughter would benefit from some additional work in Science in order to boost their grades. This is important now that we have started our GCSE course, as these topics are the building blocks for work in Y10 and Y11.

I have, therefore, set some tasks online for your son/daughter to complete. They will need to access **senecalearning.com** and use the following code to access the revision activities. Once they have joined the class I will be able to assign the activities.

I will also be able to monitor their progress and see how long they have spent completing the tasks.

✦ SENECA

To join Miss Feerick's class: Y9 AP2  
Booster Group

1. Go to the website:  
[app.senecalearning.com/join-class](http://app.senecalearning.com/join-class)
2. Sign up as a student
3. Type in the class code: [is7qxefrh4](#)

Or scan the QR code with your phone

If there are any issues then we have a drop-in support session on a Friday lunchtime in S4, or feel free to contact me on [hf@waleshigh.com](mailto:hf@waleshigh.com).

We have also recently received some new revision guides which would support revision – these are available at a heavily discounted price of £10 and are available from the Science Department.

Many thanks for your support with this.

Yours sincerely

Miss Feerick  
Head of Science
