

## BRIDGING WORK FOR A LEVEL ACCOUNTS 2023

**Report** - that includes a write up about the following:

### **What is financial accounting?**

- Financial Accounting System
- Accounting Records
- Source Documents
- Recording of Transactions
- Double Entry Accounts
- Accounting Equation
- Final Accounts (what they include, if you can find a copy of Sole Trader Accounts and include those in your report – that would be fantastic)

**Investigate a large company** – have a look at their accounts. What do they show? Are they making a profit? Do you think they are growing? E.g. Marks and Spencer, Tesco, Rolls Royce.....

**Ethics** - you need to investigate the big four accounting companies – PWC, KPMG.... You must investigate the news and highlight their ethical/non-ethical conduct in the past 5 years (here is a clue: Carillion, BHS, Tesco.....)

### **Deadline for completion of bridging work:**

**First lesson in September 2023 – handed directly to Mrs Lockyer – please make sure it is detailed and in-depth, as this will ensure you start the year positively.**
