

Physics A-Level Summer Tasks - 12B1

1. Visit Isaac Physics and register a free account using your school email address
 - a. if you can't access your school email address it is **your responsibility** to visit the IT team to get it reset - inability to access your email is not an excuse for non-completion of the Summer Tasks
2. Follow this URL to join my class:
<https://isaacphysics.org/account?authToken=E2TUP2>
3. I have set you some preparatory tasks to do - some from the A-Level Isaac textbook, and some from the Maths Isaac Textbook
4. I will monitor your progress through the tasks via the Isaac Physics platform
5. Do not leave it until the last minute - do little and often - you will get the odd reminder email from me
6. Isaac Physics is a prominent feature of your A-level Physics course, so please learn to love it.

Wishing you a productive summer, and looking forward to seeing you in September.

Mr Bembridge
Leader of A-level Physics
